

Stansted airport before security control

If there's something you've forgotten to pack, or if you'd like to spend some more time with your friends and family before you jet off, you can choose from a range of shops, restaurants and cafes located BEFORE security control or in the Arrivals area of the airport.

Landside shopping and eating opportunities

Shopping and Eating

Ask our Shopping Information Consultants in green uniforms for help, advice and personal shopping services.

SIT DOWN, LOG ON, HIT THE WEB, WITHOUT WIRES
 If you have a wireless compatible (WiFi 802.11b) laptop or handheld computer, you can enjoy the freedom of wire-free broadband internet access in the BT Openzone throughout the departure lounge after security control. This means you can access company files, send and receive emails and surf the net while on the move. For more information on equipment, software and payment options, ask in-store at Dixons.
